

ENERGY STAR® Audit

Georgia Power now offers ENERGY STAR audits for both initial certification and annual renewals. ENERGY STAR audits are an effective way to lower energy costs, prioritize future capital projects, and attract energy-conscious tenants.

ENERGY STAR Audits Provide:

- National recognition for your facility
- Energy benchmarking for your building
- Identification of energy conservation opportunities
- Audit fee billed to Georgia Power account

Benefits Include:

- Reduction of carbon footprint
- Lower energy costs
- Marketing advantages for your commercial office building

Audit Fees

Audit Scope	Cost per Building
Field & Portfolio Verification Only	\$1,500
Above + Consultation or Data Correction	\$3,000

Call the experts at Georgia Power today to schedule your ENERGY STAR audit.
